

## **GEOLOGIC REVIEW FEE SCHEDULE**

### **Effective May 18, 2009**

Category 1 \$ 255	This fee is collected as part of the Building and Safety plan check process and covers the review of plans, city files, and a site visit to determine if geotechnical reports or studies will be required.
Category 2 \$ 1,530	This fee is collected only if the submittal of geotechnical report is required based on the initial site assessment (category 1 fee has already been paid). This fee covers the geotechnical review of submitted geotechnical reports and one review of supplemental information.
Category 3 \$ 1635	This fee is collected when a geology / soils report is required to be submitted for geotechnical review as part of the Planning review process. The fee covers the cost of a site visit, the review of the geotechnical report, and the review of one supplemental report.
Category 4 \$ 340	This fee is collected when additional information is required to approve geotechnical reports or an update letters is required.
Category 5 (Trust deposit)	This fee is collected for services that would not be part of a fixed fee process, such as review of the site visits for view restoration, bluff top properties, code enforcement, subdivisions, and other special projects. The estimated costs will be determined prior to the schedule on time and material basis. This fee is to be determined by staff.
