

Canyons ER Trail Use Recommendations

Two phases proposed to accommodate use during remediation period

Phase I, Short Term

Immediate, until two conditions are met

- Trail signs and maps in place to protect trails and users
- Trails are healed and spurs are not apparent

Phase II, Long Term

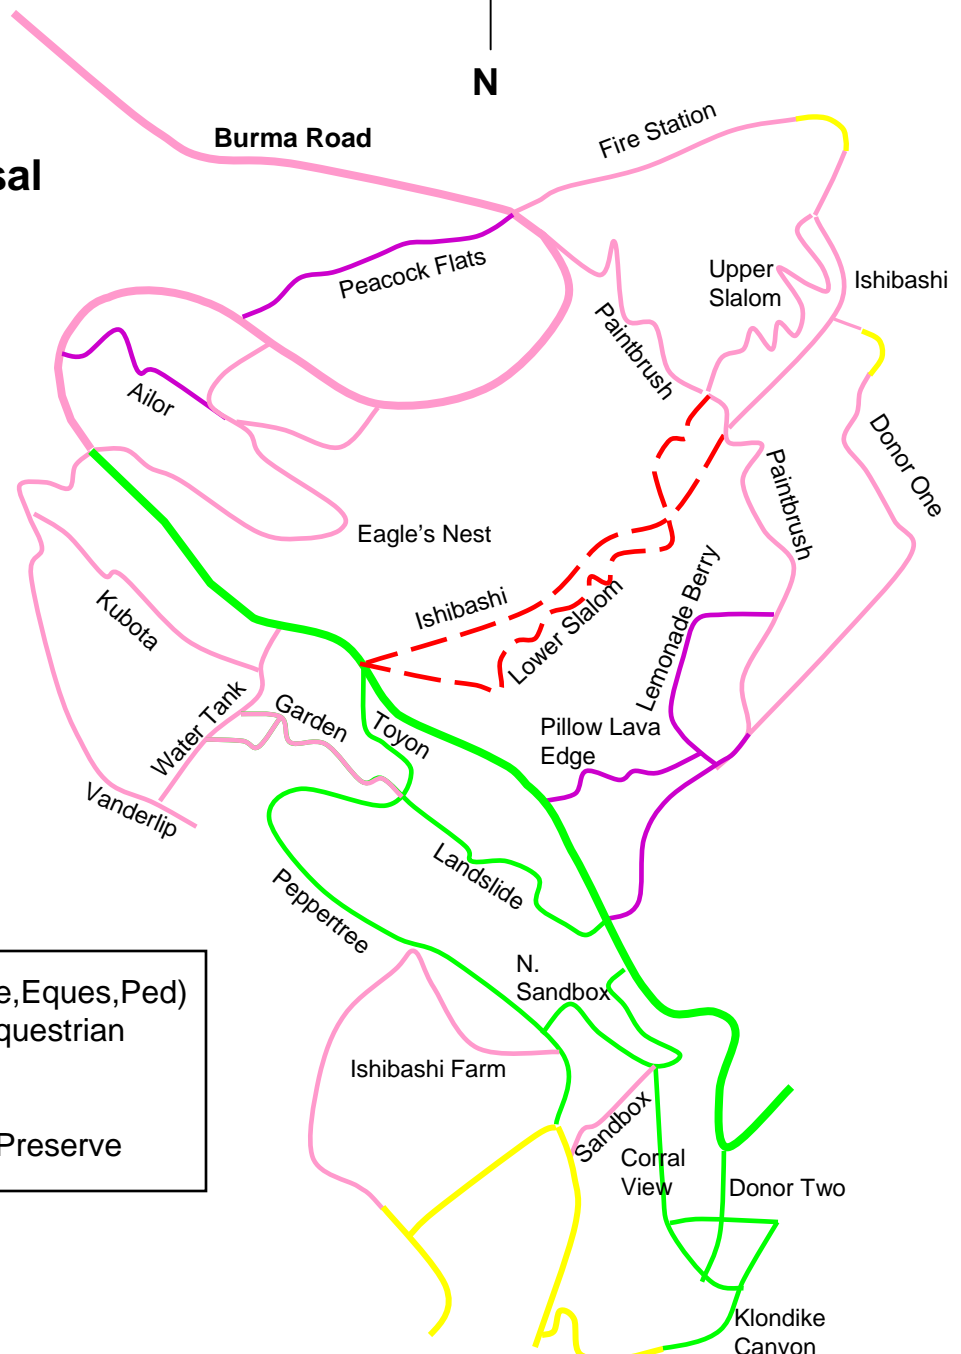

- Occurs when Phase I is completed for each trail
- Trail reverts to Phase I if new damage becomes apparent
(except for combined lower Ishibashi Slalom which reverts to Pedestrian Equestrian)

Canyons ER Trail Use Recommendations

Trail	Phase I	Phase II
Burma Rd to Eagles Nest	Pedestrian Equestrian	Multiuse
Burma Rd EN to Forrestal	Multi-use	Multiuse
Fire Station Tr	Pedestrian Equestrian	Multiuse
Peacock Flats Tr	Pedestrian	Pedestrian
Ailor Tr	Pedestrian	Pedestrian
